1. In accordance with paragraph 3 of General Assembly resolution 67/297, in which the Assembly decided that the Ad Hoc Working Group on the revitalization of the General Assembly should continue its review of the inventory of Assembly resolutions on revitalization annexed to the report of the Ad Hoc Working Group submitted at the sixty-seventh session (A/67/936), and, as a result, issue an updated version of the inventory to be attached to the report of the Ad Hoc Working Group at the sixty-eighth session, the Co-Chairs, assisted by the Secretariat, have prepared the updated inventory/chart for consideration by Member States.
2. The present inventory/chart has been updated to reflect the progress achieved since the adoption of resolution 67/297 which is indicated in bold.
3. The Co-Chairs, assisted by the Secretariat, obtained updated information, where possible, from relevant entities responsible for implementation.
4. The updated inventory/chart retains the two-part structure utilised during the sixty-seventh session, namely that: s:
 - (a) The first part contains unimplemented provisions, in order to focus on their follow-up;
 - (b) The second part contains implemented provisions, both those that required one-time action and those with ongoing implementation, in order to keep track of previous achievements and provide the means to compare with and learn from past experience.
5. Thus, in practical terms, the updated inventory/chart can continue to provide clear evidence of ongoing progress and signal opportunities for further progress.
6. This inventory/chart does not have a definite character and may be amended at any time by Member States through the Ad Hoc Working Group. Furthermore, it is not intended to, and does not, constitute any legal effect. It should serve only as a tool to facilitate discussions on the follow-up to the implementation of the previous related resolutions.
